

Change TE Event Generator Port

1. Open Start -> Run.
2. Enter "regedit" and press enter.
3. Navigate to HKEY_LOCAL_MACHINE\SYSTEM\ControlSet001\Services\tesvc

5. Set Key "ImagePath" value to reflect the new port number after the option "-port".
6. Open /te/agent/data/config/agent.properties.
7. Edit the "tw.agent.generator.port" line to reflect the new port.
8. Restart both Agent and TE Event Generator services.
