

Appfire FlashCharts Plugin - Resolving...

[Mat Gauvin](#) 5 posts since

Sep 15, 2006

Hi everybody,

We've received a ton of great feedback (within the jivespace community and via email) on our new [Appfire FlashCharts Plugin \(Free\)](#) , which adds data-visualization to Clearspace through animated charts and graphs.

To better organize user feedback, we've started two new discussion threads.

1. We encourage users to **use this thread to report and socialize plugin installation or usage issues.**

We've also started another discussion thread to field new feature requests for our upcoming 'Enterprise' edition:

- [Appfire FlashCharts Plugin - Feature Requests](#)

Thanks again for the outstanding response !!

Cheers,

-Mat
